Project with Alpha Nova

What is Alpha Nova?

As different as people are - there are things that all of them want:

Security for example. Or respect and appreciation. Or a self-determined life in the middle of society.

Not for all people do these wishes come true. People with disabilities, people with mental health difficulties or people in social emergencies are often disadvantaged and restricted in their lives.

We are there for these people.

Alpha Nova

Project with Alpha Nova

About the Mentoring Project:

- Possibility to do a kind of Job Shadowing at Retzhof
- A helping hand for processes at Retzhof
- One member of staff of the organisation is the mentor
- Supporting people with learning difficulties to get integrated in an institutional setting
- New skills for everybody!

Easter Market at Retzhof
